IMAGINiT Technologies Presents Sessions and Sponsors the 2016 Autodesk Revit Software Technology Conference – North America

Experts offer Key Revit Insights, Tips and Tricks in Four Educational Presentations and Showcase IMAGINiT's Clarity and Scan to BIM Software at Booth #10

OWINGS MILLS, MD — July 13, 2016 — Rand Worldwide (OTCBB: RWWI), a global leader in providing technology solutions to organizations with engineering design and information technology requirements, today announced that three experts from its IMAGINiT Technologies division will be delivering four presentations at the 2016 Revit Technology Conference (RTC-NA) at the Westin Kierland Resort in Scottsdale, Arizona this July 14-16. IMAGINiT speakers will explore hot-button topics, time-saving tools and leading technologies that are influencing design engineering today. In the exhibit hall, IMAGINiT will also be demonstrating their popular IMAGINiT Clarity and Scan to BIM software products at booth #10.

"We've proudly supported the annual Revit Technology Conference in North America since its inception," says Bill Zavadil, senior vice president of services, IMAGINiT Technologies. "Our Revit experts will be sharing insights that they've learned from our in-the-trenches experiences supporting our customers. And at our booth, we're excited to showcase two products that have garnered global recognition and have received traction from around the globe within the Revit community."

IMAGINiT Expert Presentations

Essential Revit Add-ons
* Tim Grimm, applications expert at IMAGINiT, will help Revit users navigate the sea of Revit add-on choices, identifying those that provide the best value and maximize productivity

25 Apps & Add-ins for Revit and the Revit Workflow
* Carl Storms, senior applications expert at IMAGINiT, will explore some of the hottest apps and add-ins available to simplify workflows in Revit

Dynamo – Everyone's doing it
* Carl Storms will also lead a lab for people who are not programmers, but need to use Autodesk Dynamo as part of their workflow to create geometry with parametric relationships and other everyday tasks, such as adding trees and performing energy analysis

Revit Product Showcase (Booth #10)

In addition to outlining best practices, the latest techniques and technologies as they apply to Revit, IMAGINiT will demonstrate their own software applications for Revit. Visit Matt Mason, director of software development, at booth #10 to see the latest versions of IMAGINiT's Clarity and Scan to BIM software and learn how they enhance user interactions with Revit.

If you plan to attend RTC-NA, be sure to attend IMAGINiT's educational sessions and visit booth #10 for IMAGINiT Clarity and Scan to BIM live demonstrations. For more information on how IMAGINiT can enhance user experiences with Revit, visit www.imaginit.com.

About IMAGINiT Technologies
IMAGINiT Technologies, a division of Rand Worldwide, advances the way architects and engineers design, develop, and manage projects. Customers of this leading professional services and technology company include organizations in the building, infrastructure, manufacturing and facilities management industries. *Fortune 500* and *Engineering News Record's* Top 100 organizations work with IMAGINiT Technologies to gain competitive advantages through expert technology consulting, implementation, training, and support services. As one of the world's largest integrators of Autodesk 3D design and engineering software, the team leverages unrivalled industry experience to design systems that accelerate innovation while improving project quality and profitability.
