

## **IMAGINiT Technologies Earns Autodesk Fabrication Specialization**

**FRAMINGHAM, MA – February 26 , 2013 –** [Rand Worldwide](#) (OTCBB: RWWI), a global leader in providing technology solutions to organizations with engineering design and information technology requirements, today announced its [IMAGINiT Technologies](#) division has been awarded Autodesk’s new Fabrication Specialization. IMAGINiT earned this latest [Autodesk](#) designation by surpassing training requirements as well as exceeding Autodesk’s required service and standard levels.

“We are pleased that Autodesk has recognized our specific industry expertise in fabrication,” says Bill Zavadil, senior vice president of worldwide services, IMAGINiT Technologies. “Having experts with years of experience in both field construction and fabrication enables us to help our clients take advantage of the efficient field to fabrication workflows that FABmep provides.”

Achieving this Advanced [Autodesk Specialization](#) is another step in showing MEP fabricators that IMAGINiT has a national team of experts with deep [consulting capabilities](#) who can develop comprehensive and effective BIM workflows by advising on the right combination of people, processes and technology such as Autodesk’s Fabrication CADmep.

IMAGINiT salutes the following staff for their most recent accomplishments:

- John Jansen for achieving the Advanced Specialization of Autodesk Fabrication Specialization for Technical
- Michael Blanchard for achieving the Advanced Specialization of Autodesk Fabrication Specialization for Sales
- Donald Boresky for achieving the Advanced Specialization of Autodesk Fabrication Specialization for Sales
