

## **IMAGINiT Experts Present 19 Classes and Demonstrate Proprietary Services and Products at Autodesk University**

*Customers Experience Higher Productivity when they Combine Autodesk Software with Products and Services from IMAGINiT Technologies*

**BALTIMORE, MD – October 22, 2019** – [Autodesk University 2019](#) attendees visiting IMAGINiT Technologies' booth (AE330) can interact with a large contingent of industry experts, product developers, support and educational trainers. IMAGINiT experts on hand will share years of knowledge learned from implementing architectural engineering and construction (AEC), facilities management (FM), civil engineering, manufacturing, Product Lifecycle Management (PLM) and Reality Capture solutions. IMAGINiT's software development team will also be on hand to showcase proprietary products that leverage the Autodesk Forge platform at the Forge [DevCon](#) Conference held the Monday prior to Autodesk University. AU 2019 takes place November 19-21 at the Venetian Resort and Casino in Las Vegas, NV.

"This year at AU we're highlighting both our deep technical and industry expertise across multiple segments as well as our unique suite of products and services that have been developed to solve challenges commonly faced by our customers," says Bill Zavadil, chief operating officer, IMAGINiT Technologies. "When you attend one of our many classes or visit us at the IMAGINiT booth, you'll quickly realize that your Autodesk software is just the start. We're proud to be the destination for software, services and training that build upon your Autodesk software base and increase your competitiveness and productivity."
