

IMAGINiT Technologies Earns Autodesk Simulation Specialisation in Australia

First Channel Partner to Receive Designation in the Asia Pacific Region

ADELAIDE, SOUTH AUSTRALIA - May 24, 2012 — [Rand Worldwide](#) (OTCBB: RWWI), a global leader in providing technology solutions to organizations with engineering design and information technology requirements, today announced that the Australian division of [IMAGINiT Technologies](#) has been awarded the Simulation Specialisation designation from Autodesk, Inc. IMAGINiT Australia is the first Autodesk channel partner to receive this designation in the Asia Pacific region. With this designation, Autodesk recognizes that IMAGINiT has invested significantly in training members of their team to demonstrate an understanding of simulation, fluently represent and support the Autodesk products that make simulation possible and recognize and convey the business benefits that simulation brings to clients.

"This formal designation bestowed by Autodesk confirms our position as a leader in the Australian market and demonstrates our commitment to helping our manufacturing clients leverage tools that help them predict, validate and optimize their designs prior to manufacturing," said Michael Lachs, managing director of IMAGINiT Technologies, Australia.

"This new designation underscores IMAGINiT's strategy of investing in great people, and developing industry-based methodologies focused on achieving client business goals," said Bill Zavadil, senior vice president, Worldwide Services at IMAGINiT Technologies. "Our simulation specialists are trained to work using the Autodesk products to help clients improve collaboration, design better and safer products, save time and reduce manufacturing costs. Our team is committed to sharing their deep industry expertise to ensure our clients' success."

About IMAGINiT Technologies

[IMAGINiT Technologies](#), a division of [Rand Worldwide](#), advances the way architects and engineers design, develop, and manage projects. Clients of this leading professional services and technology company include organizations in the building, infrastructure, manufacturing and facilities management industries. *Fortune 500* and *Engineering News Record's* Top 100 organizations work with IMAGINiT Technologies to gain competitive advantages through expert technology consulting, implementation, training, and support services. As one of the world's largest integrators of Autodesk 3D design and engineering software, the team leverages unrivalled industry experience to design systems that accelerate innovation while improving project quality and profitability.
