Autodesk InfraWorks Fundamentals for Conceptual Design and Visualization

Course Length: 2 days

The Autodesk InfraWorks Fundamentals for Conceptual Design and Visualization course is designed for people using any of the following software packages:

- Autodesk® InfraWorks®
- Autodesk® Architecture, Engineering and Construction Collection

This training course provides you with a fundamental knowledge of the accelerated design process that uses data-rich 3D models with high-end visualizations. This enables you to create, evaluate, and better communicate 3D site plan proposals for faster approvals.

Topics Covered

- Navigate the Autodesk InfraWorks user interface
- Create new models from scratch
- Incorporate existing data sources into the model
- Add essential design elements to the model including:
  - Conceptual roads
  - Conceptual bridges
  - Conceptual buildings
  - Coverages and land areas for shaping terrain
  - Pipe networks
  - Conceptual railways
  - Water features (streams and bodies of water)
  - Vegetation, vehicles, and other city furniture
- Display features according to data behind the model
- Create new styles according to project requirements
- Analyze a model to ensure that project constraints are met
- Collaborate with other project team members
- Create high-impact visualizations of the project for better communication
- Generate videos by using storyboards

Prerequisites

A fundamental understanding and knowledge of civil engineering terminology.

Course description shown for Autodesk InfraWorks 2020. Topics, curriculum, and/or prerequisites may change depending on software version.
Training Guide Contents

Chapter 1: Navigating the User Interface
  ▪ 1.1 Building Information Modeling
  ▪ 1.2 Overview of the Interface
  ▪ 1.3 Navigating the Model
  ▪ 1.4 Working with Proposals

Chapter 2: Connecting to Data Sources
  ▪ 2.1 Geographic Information Systems Overview
  ▪ 2.2 Connect to Data Sources
  ▪ 2.3 Configure and Display Data Sources

Chapter 3: Stylize Data Sources
  ▪ 3.1 Using Multiple Styles to Display Features
  ▪ 3.2 Overriding Style Rules
  ▪ 3.3 Create and Share Styles

Chapter 4: Create Model Elements
  ▪ 4.1 Basic Commands
  ▪ 4.2 Create Conceptual Roads in a Model
  ▪ 4.3 Create Coverages in a Model
  ▪ 4.4 Create Pipe Networks in a Model
  ▪ 4.5 Create Railways in a Model
  ▪ 4.6 Create Water Features in a Model
  ▪ 4.7 Create Land Areas (Preview)

Chapter 5: Add Model Details
  ▪ 5.1 Create Buildings in a Model
  ▪ 5.2 Create City Furniture in a Model
  ▪ 5.3 Add Vegetation to a Model
  ▪ 5.4 Add Miscellaneous Details to a Model

Chapter 6: Analyzing the Model
  ▪ 6.1 Theme a Data Source
  ▪ 6.2 Suitability Maps
  ▪ 6.3 Line of Sight Analysis
  ▪ 6.4 Measure the Model
  ▪ 6.5 Analyze Shadows

Chapter 7: Collaborating with Others
  ▪ 7.1 Share Design Elements with Autodesk Civil 3D
  ▪ 7.2 Working with Autodesk Revit Models

Course description shown for Autodesk InfraWorks 2020. Topics, curriculum, and/or prerequisites may change depending on software version.
Chapter 8: Communicate the Design to Stakeholders

- 8.1 Creating Images
- 8.2 Shared Views
- 8.3 Working with Storyboards

Appendix A: Example of a GIS Data Source
Cancellation Policy

The following cancellation policy shall apply to all training engagements, Live Online, Consulting Services and Dedicated/Custom Training:

- Company reserves the right to reschedule or cancel the date, time and location of its class at any time. In the event that a Training Class is cancelled by Company, Customer is entitled to a full refund. Company shall not be responsible for any other loss incurred by Customer as a result of a cancellation or reschedule.
- For Customer cancellations when written notice is received (i) at least ten (10) business days in advance of the class, the Customer is entitled to a full refund of its payment or reschedule enrollment, (ii) less than ten (10) business days, Customer shall not be entitled to a refund, but shall receive a class credit to be used within three (3) months of the date of the original class.
- Student substitutions are acceptable with at least two (2) days prior notice to the class, provided substitution meets course prerequisites and is approved by Company’s Training Coordinator (trainingcoordinator@rand.com)
- For all Training orders, cancellation notices must be submitted to trainingcoordinator@rand.com. Company is not responsible for any error in the delivery of the email notice. In the event of any reschedule of Consulting Services and/or Dedicated/Custom Training by Customer, Company will invoice Customer for all non-cancellable travel expenses.
