

Technical Education Services

AutoCAD Plant Design Administrator

Course Length: 2 days

Many of the advanced features of AutoCAD® Plant are covered in this course. Learn how to customize the AutoCAD Plant environment. Topics include P&ID project setup, project specifications, model project setup and Isometric configurations.

This class is intended primarily for CAD Managers, and other advanced users who need to configure or optimize AutoCAD Plant.

Topics Covered

- Understand and customize the AutoCAD Plant environment.
- General Project Settings
- P&ID DWG settings
- Create custom classes (content)
- Define or modify tags (properties) and annotation
- Plant 3D DWG settings
- Create custom classes (content)
- Isometric DWG Settings
- Understand and customize AutoCAD Plant catalogs and specifications
- Creating and updating project specifications
- Define branch routing
- Create and update pipe catalogs
- Understand and customize the Data Manager and Reports

Prerequisites

Users should be able to understand, read and create a piping and instrumentation diagram. In-depth knowledge of AutoCAD is not required. It is recommended that the user have a working knowledge of Microsoft® Windows® Vista or Microsoft® Windows® XP.

Cancellation Policy

The following cancellation policy shall apply to all training engagements, Live Online, Consulting Services and Dedicated/Custom Training:

- Company reserves the right to reschedule or cancel the date, time and location of its class at any time. In the event that a Training Class is cancelled by Company, Customer is entitled to a full refund. Company shall not be responsible for any other loss incurred by Customer as a result of a cancellation or reschedule.
- For Customer cancellations when written notice is received (i) at least ten (10) business days in advance of the class, the Customer is entitled to a full refund of its payment or reschedule enrollment, (ii) less than ten (10) business days, Customer shall not be entitled to a refund, but shall receive a class credit to be used within three (3) months of the date of the original class.
- Student substitutions are acceptable with at least two (2) days prior notice to the class, provided substitution meets course prerequisites and is approved by Company's Training Coordinator (trainingcoordinator@rand.com)
- For all Training orders, cancellation notices must be submitted to trainingcoordinator@rand.com. Company is not responsible for any error in the delivery of the email notice. In the event of any reschedule of Consulting Services and/or Dedicated/Custom Training by Customer, Company will invoice Customer for all non-cancellable travel expenses.
